

National Membership Benefits...

- **Member company's listing on the association website**
The NPDA website has a search feature for families or individuals looking for a caregiver to click on their state and be provided with a list of all NPDA members by city along with types of services provided.
- **Monthly newsletters and regular updates**
NPDA distributes the "Members Monthly" newsletter via e-mail. It provides industry updates and information on a monthly basis in addition to our printed quarterly newsletter "The Voice."
- **Password access to special features on the association website**
- **Access to membership list-serve**
Members may post questions or comments to the membership list-serve and receive feedback from peers who have experienced similar situations or questions within the industry.
- **Member pricing on all publications and program offerings**
- **Membership discounts for NPDA hosted educational teleconferences**
As issues arise in the industry, NPDA provides educational teleconferences to keep our members informed and educated. Topics have included marketing, immigration law and union activity within the private duty industry. The cost for these teleconferences is approximately \$100 for members and \$200 for non-members.
- **Access to exclusive networking opportunities**
- **Certificate and window decal recognizing your membership**
- **Entitled use of the NPDA logo for your company's marketing materials**

National Membership Value...

- **The only trade association focusing entirely on private duty industry interests**
- **Clear national mission, vision and purpose**
- **Executive board with years of leadership, business and industry experience**
- **Monitoring of federal issues**
- **Professionally developed tools for providers, consumers and family members that provide education on ethical business practices and elder abuse guidelines**

State Chapter Membership Value...

- **Opportunity to shape legislative climate**
- **Educating the consumer and family on how to choose a provider**
- **Adopting and adhering to best practices for a more supportive consumer environment**
- **Strength in numbers by working with like-minded colleagues to strengthen the private duty industry**
- **National support given during the development of state chapters**
- **Educational sessions during chapter meetings**
- **Networking opportunities with peers**
